

Values Statement

Fiscal Responsibility

We believe that fiscal responsibility and the prudent stewardship of public funds is essential for confidence in city operations.

Citizens are Shareholders

We believe that citizens are shareholders who have made an investment in the City of Winsted. The City Council and staff will work with shareholders to create and promote strategies that improve the quality of life in the community.

Excellence and Quality in the Delivery of Services

We believe that essential services to the public must be delivered in a highly professional, cost-effective, and considerate manner.

Public Trust

We believe that strong relationships, honest communication and open dialogue will lead to public trust and the best decisions being made for our community.

Leadership and Planning

We believe that it is our duty and responsibility to plan for the future needs of the City of Winsted, in order to put the future leaders of the community in the best possible position to succeed.
