# WINSTED NIGHT OUT

THURSDAY, AUGUST 7, 2025

Winsted Fire Hall ★ 431-6th Street South

## What is Winsted Night Out?

Winsted Night Out is an annual event that is hosted in conjunction with National Night Out and is designed to strengthen the community by encouraging neighborhoods to engage in stronger relationships with each other and with their local EMS partners. Winsted Night Out provides the perfect opportunity to get to know your neighbors even better. For more information about National Night Out, visit [www.nationalnightout.org](http://www.nationalnightout.org).

## Winsted Night Out is designed to:

- ★ Heighten crime and drug prevention awareness
- ★ Generate support for, and participation in, local anti-crime programs
- ★ Strengthen neighborhood spirit and EMS-community partnerships
- ★ Send a message to criminals letting them know that neighborhoods are organized & fighting back

Everyone is encouraged to take part in Winsted Night Out activities and help promote EMS and Citizen partnerships for a safe community. There are activities available for all ages to participate in and enjoy! Your neighborhood is also encouraged to schedule its own unique block party. Please contact the Winsted Police Department at (320)485-2600 for more information. The event will take place rain or shine!

THIS IS A DRUG AND ALCOHOL FREE EVENT.

## THE TEMPERATURE IS ON THE RISE...

It's summertime, and that means outside yard work & pool time fun! Here are some tips to help you conserve water usage this summer.

### YARD WORK:

- ☑ Use a hose nozzle on your hose to control the water flow you are using.
- ☑ If you must water the lawn, water in the early morning or evening, and try to avoid watering on windy days. This will limit the amount of water that is evaporated by the sun or blown onto sidewalks and driveways.
- ☑ Aerate your lawn once a year so all the water can reach the roots.
- ☑ Evaluate the water and irrigation needs of each part of your yard based on the plants, sun exposure and soil type.
- ☑ Use a broom instead of a hose to clean your driveway, sidewalk and patio.

### OUTSIDE FUN:

- ☑ Using a pool cover can save more than half your pool water from evaporating over a year's time. It can also reduce the need for more chemicals and reduce algae growth.
- ☑ If a pool has been maintained properly, drain your pool only when you have a water quality problem or if repairs are needed. Reuse the water for your grass and shrubs. Spas, if properly maintained, would need to be drained 2 to 3 times a year.
- ☑ Avoid recreational water toys that use a constant flow of water.
- ☑ Equip all your fountains, ponds and outdoor water features with recirculating water pumps.
